HALOGEN SAVERS

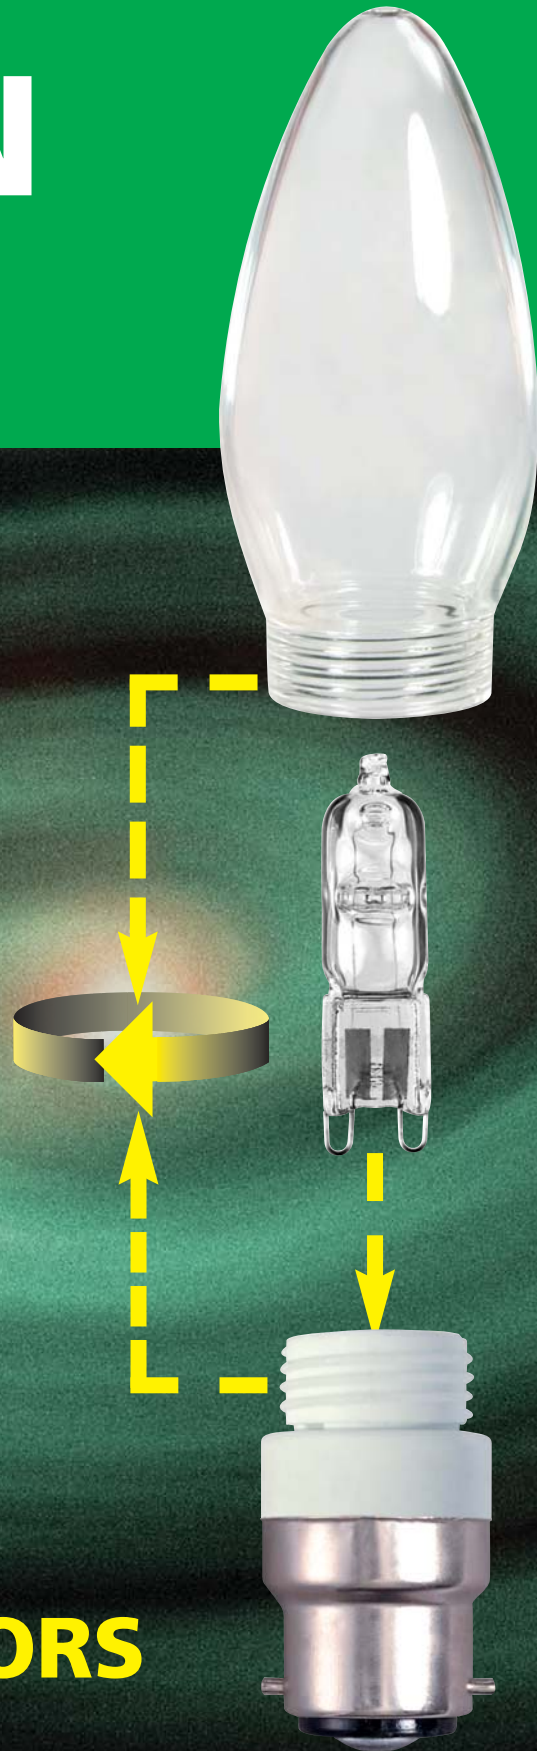

with a
TWIST!

At the end of life simply
change the G9 bulb

Use again and again...

BELL G9 ADAPTORS

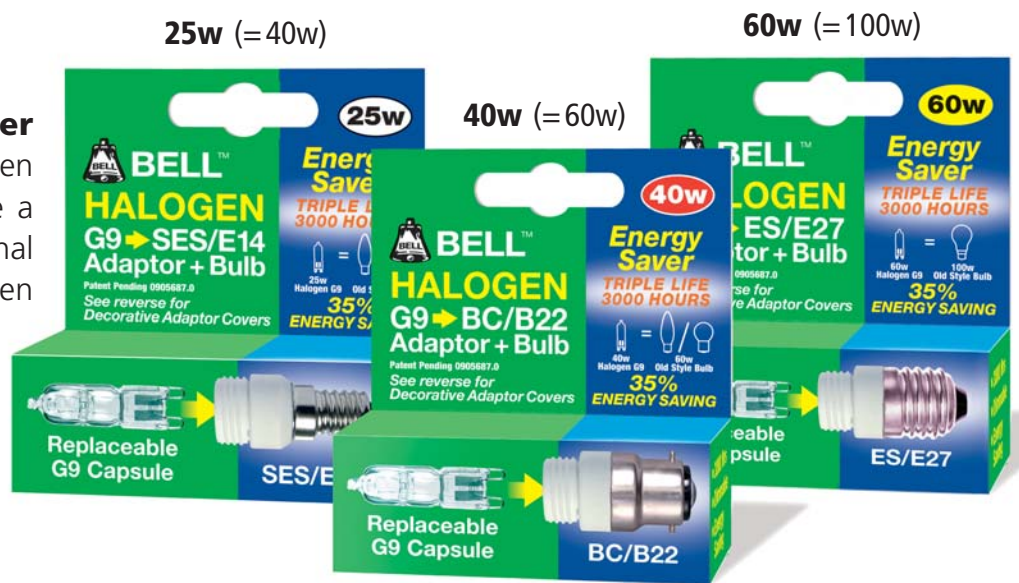

BC SBC SES ES

Replace traditional bulbs with BELL G9 Adaptors to give a soft warm glow

The new **Halogen Saver TWIST** from BELL has been specially designed to create a fixture that replaces traditional light bulbs with a halogen saving alternative.

At the end of life simply unscrew the adaptor and replace the G9 capsule inside.

Individual Adaptor + Bulb

The new Halogen Saver TWIST adaptor units can be supplied in separate cartons in order to mix and match with a cover of your choice.

Available with either 25w, 40w or 60w bulbs.

Adaptors can be used with or without a cover
